

A wide-angle photograph of a frozen body of water, likely a lake or river, under a dramatic sunset sky. The sun is low on the horizon, casting a warm, golden glow across the scene. The sky is filled with soft, wispy clouds, and the water's surface is covered in a layer of snow and ice. In the distance, a line of trees and a small structure are visible against the horizon. The overall mood is peaceful and serene.

Tegul Kalėdų džiaugsmas sušildo visų mūsų širdis.  
Tebūnie Naujieji dosnūs prasmingais darbais,  
drąsiomis idėjomis, naujomis viltimis.  
Būkite sveiki, energingi, linksmi ir laimingi 2022 metais.
